Project Length - Approximately .25 miles

III. PURPOSE AND NEED

Traffic from the nearby schools and the recent residential development has brought the need for improvements to the intersection of Collins and Amsterdam. There are areas where additional sidewalk is needed to provide better pedestrian connectivity. Drainage improvements will also be necessary.

IV. DBE REQUIREMENT

Consultants should include a DBE participation plan with their Response to Announcement. An additional page will be allowed with the Project Approach (Page 7) in the Response to Announcement to convey this plan. A maximum of 4 points will be considered in the Evaluation Factors for the DBE Participation Plan.

V. SCOPE OF WORK

The selected Consultant will be required to provide Final Roadway Design, including the preparation of any design studies, drainage design, final right of way plans, construction plans, traffic control plans and cost estimates as necessary to provide final Grade, Drain and Surfacing Plans for the project. It is also possible that the selected consultant will need to purchase right of way.

VI. METHOD OF DESIGN

The selected Consultant shall utilize the most recent CADD Standards for Highway Plans Policy in the development of the highway plans.

VII. ENVIRONMENTAL

Any necessary Environmental Services will be provided by KYTC.

VIII. PHOTOGRAMMETRIC SERVICES

The selected Consultant shall supplement existing LIDAR data with conventional surveying as needed.

IX. GEOTECHNICAL SERVICES

The selected Consultant may provide all Geotechnical Services required for the project. The Design contract will include preliminary geotechnical services to review available geological, mining, or other geotechnical information that could influence the selection of the preferred alternate.

X. TRAFFIC

The Traffic projections and related information will be provided by KYTC.

XI. UTILITIES

The selected consultant will be responsible for determining the existing locations of utilities to determine feasibility of redesign or utility relocation and cost estimates.
